2. News to Report

a. IoP Joint APP-HEPP-NP Meeting held in Liverpool

The joint meeting between astroparticle physics, high-energy particle physics and nuclear physics was held in Liverpool on the 8th-11th of April. Attendees from around the UK heard about the frontiers of research in the particle physics communities and presented the state-of-the-art in nuclear physics. Nuclear physics posters were exceptionally well presented, with all six of the conference's joint prizes won by students from the community, in addition to two prizes awarded by the IoP Nuclear Physics Group.

The joint prizes winners, sponsored by NuPECC and announced at the conference dinner were, for Monday:

Joint 1st: Asli Acar (University of York)
Joint 1st: Ben Hogg (University of the West of Scotland)
3rd: Gee Bartram (University of Surrey)

For Tuesday:

1st: Edward O'Sullivan (University of Surrey)
2nd: Christopher Cousins (University of Surrey)
3rd: Jack Hughes (University of Liverpool)

The IoP Nuclear Physics Group prizes went to:
Greg Willmott (University of Surrey)
Olivia Tindle (Sheffield Hallam)

The next Nuclear Physics IoP meeting will be held at the University of Manchester, from the 23rd-25th of April, 2025, and the next joint APP-HEPP-NP meeting will be held in 2028, at a location to be decided.

The event was sponsored by Mirion Technologies, the STFC and NuPECC, and the local organising committee from the University of Liverpool was:

Rodi Herzberg
Ellis Rintoul
Joost Vosseveld

Contribution from Jack Henderson (IoP NPG Chair)
